

# a lasting partnership

Made for Indians, by Indians, the F125IN engine can dramatically transform the strike capabilities for the IAF Jaguar.

## **A comprehensive range of marketplace solutions developed in, for and with India.**

For more than 40 years, Honeywell has invested in the people and infrastructure of India to build a dynamic and vibrant enterprise for the global marketplace.

We work across multiple Indian industries to develop technologies, products and services that make people safer and more secure, more comfortable and energy efficient, and more innovative and productive, both in India and across the world.

We are proud of our rich history working with Indian industry, and we are committed to its continued growth and mutual success.

## **Honeywell**
